

COMPUTING WITH AND FOR THE SENSES*

**JULY 19-24 2020
COPENHAGEN, DK**

**HUMAN-COMPUTER INTERACTION INTERNATIONAL HCII
DISTRIBUTED, AMBIENT AND PERVASIVE
INTERACTIONS (DAPI) CONFERENCE
*PARALLEL SESSION**

CALL FOR PAPERS

Parallel Session organizers invite artists, designers and engineers to submit a paper on the topic of multimodal distributed, ambient and pervasive interaction and digitally enhanced spatial and sensory experiences to present at HCII 2020 and appear in published proceedings (Springer).

Examples of considered work might include the use of data and computational methods/experiments to develop tactile, auditory, visual, olfactory and gustatory

augmented spatial experience. For more information about proposal submission, please visit: <http://2020.hciinternational/submissions>.

Timeline:

2019-11-22: 1000-word abstract

2020-1-31: Paper due

Organizers:

Yasmine Abbas yxa54@psu.edu

Felecia Davis fadav@psu.edu
